Brilliant Grammar School Educational Society's Group Of Institutions, Hyderabad

Electrical & electronics Engineering Diploma

2018-2021

Montessori High School, Alampur

SSC

2018

EXPERIENCE

Infozit solutions (Internship)

Now

(Full stack java Development)

PROJECTS

Protecting Your Mobile Cloud Data: CHAOS-Based Encryption

HTML|CSS|JS|MYSQL

Developed a robust mobile cloud data protection system utilizing a chaos-based encryption algorithm. This project focused on securing sensitive user data stored in the cloud, ensuring confidentiality and integrity against unauthorized access.

Tracking Health Trends On Social Media Over Time

HTML|CSS|JS|MYSQL

Created a web-based application to monitor and analyze health-related discussions and trends on various social media platforms. The system was designed to extract, process, and visualize data, providing insights into public health conversations and sentiments over time.

Flipkart Clone (E-Commerce Website)

HTML|CSS|JS|MYSQL

Developed a fully functional e-commerce website that simulates Flipkart's user interface and functionality. The project involved building the front-end with HTML, CSS and Java Script for responsive design and dynamic interactivity. User authentication system (login, signup). Product catalog with sorting and filtering. Cart functionality with the ability to add/remove items.

Chineses House restaurant

JAVA|MySQL|HTML|CSS|BOOTSTRAP|JS

Developed a robust mobile cloud data protection system utilizing a chaos-based encryption algorithm. This project focused on securing sensitive user data stored in the cloud, ensuring confidentiality and integrity against unauthorized access.
